A LINIMENT FOR EXTERNAL USE.

One of the most valuable qualities of Mother's Priend is

that it safe-guards the future health of the mother. It is a limiment to be applied externally to the body, the use of which lubricates the muscles and tendons, softens the glands and ducts, prevents lumps forming in the breasts, and relieves the pain, nervous-

ness, nausca, and other troubles from which so many expectant mothers suffer. When Mother's Friend is used regularly it fits and prepares the system for an easy and natural consummation of the term. Women who massage with this great liniment are always saved much suffering when baby comes, and recover more quickly, and without ill effects. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

scrimmage and still provide an adequate and proper secondary defense for the defensive tackles. This is the opinion today of Henry M. Wheaten, ex-Yale player. Just back in New York after observing the workings of the new rules in spring practise at Annapolis, where he will be head coach next year, Wheaten saal:
"The troubles of last year and preceding seasons with the forward pass will not disappear until a rule is adopted providing that any forward pass across the line of scrimmage, which travels more than 10 yards beyond the point where the ball is put in play, may be caught and handled as a fair catch, under the same regulations that pertain to a catching of a kick.
"This would allow the defensive half-backs to play up close to the line, preventing line bucking, organing the play

JEFFRIES AND PAPKE IN SAME QUARTERS

IN SAME QUARTERS

Ben Lomond, Cal., April 18.—Billy Papke will join James J. Jeffries in a few days and share the latter's training quarters while training for his next fight, which probably will be with Frank Klaus of Pittsburg. Sam Berger, Jeffries's manager, received a telegram from Papke, asking if he might have training accommodations with Jeffries, and Berger, after consuiting Jeffries, wired a reply that arrangements could be made for him.

Jeffries put in a strenous Sunday. A large crowd of visitors came to the camp and promptly at noon Jeffries, attired in his "gym" togs, appeared in the gymnasium and began an endurance exhibition with the pulley weights. There was nothing spectacular in the work, and it did not have as much interest for the visitors as boxing, but it gave them an excellent opportunity of seeing what condition Jeffries is in now. For half an hour Jeffries hauled away at the weighted ropes and then followed shadow boxing, rope-skipping and bag-punching for an hour and a half.

Jeffries explained his prolonged session with the chest weights was for the purpose of limbering up his neck and shoulder muscles, with a view of avoiding any future attack of the cramp which suddenly stopped him last Friday in the middle of a boxing bout with Bob Armstrong. Jeffries has done no boxing since that time and his masseurs have paid particular attention to the afflicted spot, Farmer Burns, trainer-in-chief, said he did not think it likely that Jeffries would have another attack.

Jeffries left his camp long enough this afternoon to take an automoble ride to Santa Cruz and inaugurate the baseball season there by pitching the first ball, He returned to camp this efficies in good humor.

AT AQUEDUCT TODAY. New York, April 18.—Five stakes and handicaps are offered by the Queen's County Jockey club in the week of racing which began at Aqueduct today. The handicap events are the most interesting from the fact that the horses are well known and representative of the best early division in training. Two stakes, the Ozone and the Ross, are for two-year-olds, and most of the eligibe horses are tewcomers.

ds and most of the eligibe horses are swcomers. The Peconic handicap tomorrow, for nee-year-olds and upwards, at six furness, is the most promising of the week's forings. The Peconic was inaugurated 1902, but was allowed to lapse in the st three seasons. This year the race is actracted some of the best sprinters training. King James is top weight, th 125 pounds, but it is aumounced that is champion of other seasons will not sent out until later in the season. Lack Alken, the defeated fuvorite for a Carter handicap, has been under a terinary's care ever since he ran that ce, and will be unable to go to the st. This leaves Alfred Noble. Sir John hinson, Firostone, Trance, Prince Cal, ston and Prince Ahmed as the most cely top weights among the entered rees.

BIG RELAY RACES FOR PENNSYLVANIA

Philadelphia, April 17.-Pennsylvania

ern teams which are virtually sure to be on hand included Yale, Columbia, Princeton, Cornell, Dartmouth and Wisconsin and several others. In addiprobably Harvard, while from the west will come Michigan, Chicago, Illinois, Wisconsin and several others. In addition there will be hundreds of athletes on hand from every school and college of importance in the country.

There will be three championship relays, at one mile, two miles and four miles, and they carry with them the intercollegiate championshop of America, it is the general belief that the University of Michigan will make herole efforts to win back its laureis in the four-mile event. When Pennsylvania won this race in such sensational fashion last year it was the first time that Michigan had ever been beaten at four miles. It is expected there beaten at four miles. It is expected that Princeton, with the best lot of quarter-milers in her recent history, will concentrate her best efforts here, and if Harvard sends down a team she will probably do likewise, for the Crimson is stronger in this event than in any of the others. Both Michigan and Chicago are likely to prove strong contenders here. Last year Chicago won the event, heating Michigan in almost the last stride.

In the two miles Yale and Pennsylvania will probably be the strongest contenders. Yale won the event last year in almost record-breaking time. The special events will be the same as a year ago, namely, 109-yard dash, 120-yard burdles, broad jump, high jump, hammer throw, shot put, pole yault and discus throw.

MANHATTAN CLUB HAS GOOD SCHEDULE

The weekly meet of the Manhattan club will be held tonight at the Salt Palace and from the attractions booked, the evening should be one of the best of the season. Kid Bell and Kid Ross go on for the main event and this should be one of the prettiest goes seen since the club moved into its new quarters. On form, Bell should win, but Ross is a dangerous customer at all times. Tommy Fitzgernid will have his hands full with Kid Opie of Pueble said the contest between Tommy Sullivan and Young Erne should afford some entertainment. A surprise might be sprung when Eddie Johnson and Kid Irish meet Johnson is a clever boy but little is known of his opponent. Ike Cohen, who rever knows when he is beaten, is matched with Jim Burris. Willard Bean will be the third man in the ring.

While Others Spoke, Charlotte Perkins Gilman Wrote Poetry for

The Cause.

Washington, April 17 .- With only on man on the program, and he to offer prayer, five prominent American and ing of suffrgaists this afternoon. It was a gathering incidental to the annual convention of the National American Woman Suffrage association.

Rabbi Raymond Simon offered praye at the beginning of the meeting, at which Rev. Anna Howard Shaw pre sided. Laura Clay of Kentucky told

the women what they needed was a new element of character—courage.

Harriet May Wills of New York told of troubles of the suffragists in the New York legislature. Beatrice Forbes-Robertson, a British suffragist, and Ella S. Stewart of Chicago gave a classification of the opponents of woman suffrage.

While others spoke, Charlotte Per While others spoke. Charlotte Per-kins Gliman wrote poetry in behalf of the cause, and then read it with the explanation that she meant not to re-flect on those who had preceded her, but intended none should go away and say they had heard nothing new on the subject.

The British and American classifica-tions of approperts of the woman suf-

tions of opponents of the woman suf frage were radically different. Ac cording to the British scpeaker, the were really divided into two classes-

cording to the British scpeaker, they were really divided into two classes—those who are prejudiced and those who believe it inexpedient to give votes to women. While touching on the subject of expediency, the speaker said it was neither necessary nor expedient for American women to go to jail in behalf of the cause.

The American classification put the opponents into three classes, designated as the ghost, the officials or hooters and the complacent sinners. Among some of the ghosts feared, according to the speaker, were the ghost "only bad women would vote," the one that "the women would deprive the men of their darling vices;" "that the woman would do nothing else but vote," and "that they would not vote at all."

Another figure in the meeting was Hariet Taylor Upton of Ohio. As treasurer of the association, she took up a collection, protesting, however, that her purituale training led her to object to working on Sunday.
